

SUN BEAMS

By WALTER M. BARRETT

Now, that the fire underwriters engineer has had a look at our new fire equipment, which he pronounced as adequate for local needs and declared that we were entitled to a 10 to 15 per cent reduction in insurance rates, it is only fitting that efforts be made to obtain this reduction. Local dealers will be more than willing to make the reductions if companies so advise.

We have threatened several times to stop talking, writing or even thinking about the unsightly conditions of some of the local thoroughfares. Every time we take a squint down the alley in the rear of Commercial Row, however, we lose this resolve and find it something hard to forget. Often, too, Commercial Row, itself, offers a none too pleasant appearance. Here we get more or less used to seeing the debris, but to visitors and tourists, it probably looms up with gusto. If there was a good legitimate excuse for this condition nothing, or very little at most, could be said, but after looking the situation over, feeling the attitude of the merchants and others, there is nothing so far as we can determine that can be said in behalf of the nuisance, and a great deal that can be said against it.

The best news of the week: A settlement between contractor and laborers on the Boca Dam project has been reached. The men are all back at work on increased wage scales. The job is progressing swiftly as the men, out of work for three weeks, attempt to make up for lost time. All former employees have been invited to return to work and peace has been declared for the duration of the job. If that isn't good news for Truckee, we don't know any.

Only occasionally we hear someone complain about the warm weather, but these mild complaints are only made half heartedly and no one pays any attention to them. The sun does shine brightly in the middle of most afternoons, but with a freshness in air that defies the most critical Truckee, just to remind you, has the finest climate, especially during the summer months that can be found. Elsewhere in this good country complaints against the weather are entirely justified. Heat prostrations, dust and death dealing rain storms are being reported. We can thank Dame Nature for keeping those phenomena elsewhere while we bask under the beneficial sun and the mild climate of the Sierras.

When one of the directors pointed out to the chamber of commerce this week the need for closer harmony or a system of coordination to keep Truckee on the paying basis as champion of the winter sports areas, he touched upon a vital problem. Just what system will be worked out, we are unqualified to suggest but we have every confidence that a way will be found and that Truckee will not only continue to hold the lead, but will forge ahead. The spirit predominant here indicates nothing else.

By the way, did you know Truckee has a new minister. He appears to be the right sort and deserving of all the support he can master. He is faced with a tough job here but we hope he will like us and its up to us to give him and his family our moral support by going to church Sunday.

SCHOOL BOARD TO HOLD MEETING TO DECIDE PROBLEMS

A meeting of the trustees of the Meadow Lake Union High school district will be held at the office of the Sierra Sun Thursday evening at 7:30 o'clock at which time applications from teachers will be reviewed with the possibility of replacing W. I. Boeve, the only member of last years faculty who was not reemployed.

Other matters pertaining to the opening of school here next Monday will be discussed.

One of the major items on the program will be a decision on transportation of pupils from Hobart Mills, Boca and Floriston.

SHATTUCKS ATTEND FAMILY REUNION AT LAKE TAHOE

Mr. and Mrs. Verne Shattuck of Truckee attended a family reunion at Lake Tahoe on Sunday honoring Mr. and Mrs. W. V. Tamblin of Nevada City. All of the sons and daughters of the couple were present, excepting one, Robert.

Others present at the pleasant affair included; Mr. and Mrs. Ernest Huntley and daughter, Virginia of Loyalton; the Misses Vivian, Ruth and Dorothy and William and Benjamin all of Nevada City.

TRUCKEE'S FIRE EQUIPMENT GETS OFFICIAL OKEH

Engineer Of State Board Says Reduction Of Rates Now Possible

PLAN IMPROVEMENTS

New Truck Given Tests Here In Inspection; Passes 100 Per Cent

Without a question Truckee property owners are entitled to a slash of from 10 to 15 per cent in their fire insurance rates, according to an opinion expressed by E. C. Adams, engineer of the state board of fire underwriters, who was here this week to inspect the new fire apparatus.

The new equipment, Adams told Fire Chief N. F. Dolley meets all requirements of the board and is "100 per cent o. k."

Adams, accompanied by members of the department gave the new apparatus all the required tests here Monday and according to Dolley reported it entirely adequate for local fire protection.

One suggestion, which the firemen propose to act upon in the near future, was made by Adams when he told Chief Dolley that a committee should be chosen to take care of the fire prevention needs in Truckee, such as the inspection of fire traps, Carelessness, insufficient wiring and other hazards.

STATE MAY BE ON CASH BASIS SOON, CONTROLLER SAYS

SACRAMENTO, Aug. 19. —(UP)—State Controller Harry B. Riley believes California will be able to stop issuing registered warrants and be operating on a cash basis by next August.

For the first time in two and a half years, he said, the state currently is not issuing warrants. Gov. Frank F. Merriam made the cessation possible by authorizing borrowings totaling \$5,000,000 from special state funds. The money is to be repaid when needed, with warrants to be issued at that time if necessary.

With more than \$46,000,000 in warrants scheduled to be called this month, Riley anticipated a 1936 top of \$28,000,000 in outstanding warrants. He expected this peak to be reached in January.

WYETHIA PARTY IS ENJOYED BY GROUP

The Wyethia Women's Club card party proved to be a pleasant affair. Following the sessions at the bridge tables refreshments were served.

Mrs. Matt Green and Mrs. George Bliss were granted first and second awards at the contract tables while Mrs. Paul Packard and Mrs. Benjamin Tonini were granted the first and second tokens for auction bridge.

Mrs. F. A. Titus was fortunate in receiving a gift at the door.

McKEEN RETURNS TO PATROL HIGHWAYS

State Patrolman Charles McKee has returned to Truckee and will patrol the local highways following an absence of several months during which he was on duty at the San Francisco bay bridge. McKee replaces Patrolman Arthur Barrick, who is now on duty in the western section of the county.

Lions Discuss Local Safe Driving Program

A general discussion of the traffic problems in the Truckee and Lake Tahoe regions featured last night's meeting of the Truckee Lions Club.

Visitors at the meeting included Al Muller and Bert Daniels both of Arcadia, Bill Fenstermacher of San Francisco and Frank Giovannoni of Truckee. C. Edmunds presided.

Catches Trout Limit—

Mr. and Mrs. Jack Jasper of Vallejo spent the week end in Truckee and Jasper caught the limit of trout in Sagehen creek.

New Pastor To Hold Services In Church Here

Rev. Everett Takes Pulpit Of Community Church In Truckee

Rev. and Mrs. E. R. Everett and family have arrived in Truckee where Rev. Everett has taken up his duties as pastor of the Truckee Community Church replacing Rev. M. E. Coen of Sacramento, who has returned to that city.

Rev. Everett, only recently discharged from the veteran's hospital at Fort Miley, where he had been a patient for several months, suffering from an old wound received in the World War in France.

Prior to coming to California to enter the hospital, Rev. Everett was principal of the Basalt, Colorado, high school for three years and before that preached in the Methodist church.

The Everetts are parents of five children two girls, Misses Marjorie and Eloise, high school pupils and two other daughters Bonnie Lee and Nellie, and one son, Vincent, in the grammar school.

Rev. Everett expressed his desire to cooperate to the fullest in promoting the welfare of Truckee and vicinity and voiced appreciation for the reception which has been tendered the family here.

Improvement At Border Station Is Authorized

More Adequate Facilities At Quarantine Stations Projected

With the approval of Governor Merriam of Senate Bill 333, which transfers some \$28,500 from the agricultural appropriation fund to a special fund for the improvement of facilities for border plant quarantine inspection, work has started in the construction of new buildings and furnishings at our border stations.

A recent report of the special investigating committee of the state chamber of commerce found that border quarantine was essential to the protection of California crops, that much of the criticism directed at border inspection was unfounded, and recommended that it continue. The committee also recommended, however, that there be some improvement in the facilities at the stations, for the comfort and convenience of those travelers whose cars are undergoing inspection.

LANDS COMMITTEE PLANS TO CONSIDER TAHOE LAND BILL

The House Public Lands Committee may consider the Senate approved McCarran bill for the purchase of Lake Tahoe forest land, according to a statement made by representative James G. Scrugham, Democrat of Nevada.

A companion bill, identical to the original McCarran bill amended by the senate was submitted by Scrugham and is pending before the committee.

These documents would authorize the appropriation of \$325,000 for the secretary of agriculture to purchase lands in the Lake Tahoe region for the Lake Tahoe National Park.

DIRECTORS NAMED TO HAVE CHARGE OF COUNTY'S FAIR

The Nevada County Fair dates have been tentatively set for September, 25th, 26th, and 27th with the name of C. Edmunds as one of the proposed ten directors of the newly organized Nevada County Fair Association.

A list of names was selected recently at Grass Valley to be submitted to Governor Frank F. Merriam for approval and include, beside the local man; Vernon Stoll, Lloyd Freeman, George L. Jones, E. K. Smart, C. J. Rolph, Harry Cox, Fred Cassidy, Thomas Mulchany and Henry Spiess.

Tossing Lighted Cigarette From Car Is Expensive

Driver Fined \$5 Following Arrest By Officers On Highway

Arrested by forest officer R. L. Thompson of Nevada City last Thursday for throwing a lighted cigarette from a moving automobile, H. J. Purcell of San Francisco was taken before Justice of the Peace C. E. Smith of Truckee and after pleading guilty to the charge, was fined \$5 and warned as to the dangers of fire that such acts incur.

Unable to overtake the car of Purcell who threw the cigarette out while traveling east over the Donner summit, because of the traffic control over the section of highway being rerouted near Donner Lake, Thompson phoned the dispatcher in Truckee who in turn notified the checking station of the highway patrol who stopped Purcell and held him until the arrival of Thompson.

Such acts are being carefully watched for and all who are caught violating the Calif. State Law in this respect will be taken immediately to court.

Stockton Chinese Drowns In Tahoe While At Session

Body Recovered In Lake As Swimmer Loses Life At Resort

Tragedy followed Wey Sam Ho, 20 year old Chinese, a Stockton delegate to the International Conference at Lake Tahoe when he went swimming at Conference Point last Friday night.

The youth, whose parents are in China, drowned and disappeared from view. The body was recovered by Dr. Henry Lee of the camp staff an hour later.

FORMER DISTRICT ATTORNEY EXPIRES

Charles W. Kitts, 80, former district attorney of Nevada County and San Francisco attorney succumbed to injuries last week, sustained when hit by an automobile several months ago.

He was a member of a pioneer family in the Grass Valley district where a number of relatives survive him.

A son, Leonard Kitts preceded him in death two months ago.

FIRE DEPARTMENT MAY REORGANIZE AT COMING MEET

A plan to reorganize the Truckee Volunteer Fire Department to make it even more efficient has been proposed by Fire Chief N. F. Dolley, following a conference with E. C. Adams, engineer of the state board of fire underwriters, who was visiting in Truckee this week.

Just what the nature of the proposed changes are to be will be discussed at a meeting of the department to be held probably Monday evening, Dolley said.

LAUNDRY CREW WILL HEAD PICNIC GROUP AT INDEPENDENCE

Headed by the Fontana Laundry workers, a large group of Truckeeite Sunday will enjoy a picnic and outing at Independence Lake, according to Harry Maggard, manager of the resort. Between 50 and 100 are expected to make the trip.

STREETS HERE ARE BEING REPAIRED BY COUNTY WORKMEN

County and state highway crews have been busy in Truckee this week repairing streets and roads and applying a coat of oil where needed. Although the oil at the present time is rather a nuisance, it is necessary in keeping the roads in good repair and the streets are in good condition again.

Abandonment Of Hobart Railway Asked By Firm

Insufficient Traffic Given As Reason In Petition To I. C. C.

After being in active service from Truckee to the lumber town of Hobart Mills for many years, the Hobart Mills Southern Railroad Company has asked the interstate commerce commission at Washington for authority to discontinue the operation of its 6.4 miles of line.

Insufficient traffic along the line since the closing of the mill; does not justify maintenance and operation and is said to be the cause for the application to discontinue the short railroad.

Cooperation In Civic Program Urged In Talk

No Action Taken By Chamber On Cleanup Campaign In Truckee

The necessity of closer coordination in promoting civic developments if Truckee is to retain its lead as an all-year recreational center, was stressed by C. Edmunds, manager of the Truckee Public Utility District and prominent community leader, in a talk before the Truckee Chamber of Commerce this week.

Edmunds pointed out that the steps being taken in other areas and warned that unless some concentrated action is taken here, Truckee could not hope to retain its reputation as the state's foremost sports center.

Delegates will be appointed at the next meeting of the chamber to attend the meeting of the Golden Empire to be held in Sacramento September 1, when plans will be laid for home coming weeks in the various cities and towns of Northern California during 1939. Truckee is planning to participate.

No further action was taken on the proposed cleanup campaign, it being decided that the matter now rests with the sanitary board for some plan to make the streets of Truckee more sightly. President C. B. White presided.

PROBATION GRANTED ACCUSED YOUTH IN TAHOE AUTO THEFT

On Friday the 13th Joseph King of Tahoe swore to a complaint against Fred Pulley, a former employee and when the 24-year-old youth appeared in the Auburn court on a charge of taking an automobile without the owner's consent, King interceded in his behalf, Pulley was granted probation.

King was said to have declared he was angry when he swore to the complaint but that circumstances surrounding the case led him to ask leniency for Pulley.

FRANK THOMAS OF GRASS VALLEY IS DEAD AFTER ILLNESS

Frank Thomas, 65 years of age, former Nevada County deputy recorder, died at Grass Valley on Sunday following an illness of several months.

The deceased at one time held the position as secretary to a Utah governor and was the son of a well known pioneer miner in the Grass Valley District.

MANAGEMENT OF TAVERN CHANGES

Mrs. Ella O'Hanrahan, widow of the late Tim O'Hanrahan, has returned to Truckee to resume management of the Sierra Tavern here, an establishment erected and conducted by Mr. and Mrs. O'Hanrahan for several years.

Laurence Lindon of San Francisco has been engaged as chief clerk and assistant manager of the Tavern.

William O'Hanrahan, who had managed the hotel since the death of his brother, has returned to Seattle.

The Recreational Center Of the SIERRA

PERMANENT PEACE GUARANTEED FOR BOCA DAM PROJECT

Crew Of 350 Or More Expected On Local Project This Fall

WAGES ARE ADVANCED

Three Shifts Working To Get Tunnel Finished In Near Future

Activity again reigns at Boca. The scene of a recent threatening situation, involving the construction of a \$1,000,000 reclamation project is now alive with bustling workmen, rushing to make up for lost time during the three weeks that the shut-down left more than 100 men idle.

Although an election is pending to determine whether the workers on the job are to be under the jurisdiction of the American Federation of Labor or the Committee of Industrial Organization, the argument, which for a time looked serious, indeed, has been entirely eliminated to the satisfaction of all concerned.

Wage scales were advanced. Conditions were improved, and the men in return for these considerations have signed an agreement which ends all possibility of future strikes on the project.

Three shifts are working night and day to complete the diversion tunnel which will permit actual construction on the huge dam across the Little Truckee for the purpose of storing water to irrigate the fertile lands in Washoe Valley and other Nevada farming areas.

It is estimated that more than 100 men are again at work on the job with an expected crew of more than 350 to start building later this fall.

FREE BARBECUE IS PROMISED SUNDAY BY BOCA WORKMEN

Plans for a free picnic and barbecue sponsored by the Boca Dam Construction Workers Union No. 402 of the Committee of Industrial Organization, in cooperation with the Capitol Club and other local businesses, are being made for Sunday at Squaw Creek. Everyone is invited to attend the affair, according to "Red" Adams, one of the committeemen in charge.

TAHOE PILOT AIDS IN IDENTIFICATION OF AMNESIA VICTIM

Dean J. Seavern pilot for Max Fleishman at Lake Tahoe aided in the identification of Harry Benton Lewis said to be a well known aviator of the Panama Canal Zone and a victim of amnesia.

Seavern was called to Reno, where Lewis was held for more than a week after the latter had told police he believed himself to be an aviator and mentioned Panama. In the conference, acquaintances in the zone city were recalled and a wire sent to a Texas man who formerly lived in Panama, who in turn answered, addressing it to Lewis who recalled his name but did not know how he arrived in Reno. He later remembered a sister living in San Francisco who was notified.

BOARD MEMBERS IN CAPITAL TO MEET WITH WELFARE BODY

County Clerk R. N. McCormack and members of the Nevada County Board of Supervisors were in Sacramento on Monday to attend a meeting of supervisors from various parts of California, with the Senate Welfare Board.

Means of meeting the relief situation in California counties was discussed.

FIRE REPORTED

An incipient grass fire, said by foresters to have been caused by sparks from the brake shoes on a passenger train, was controlled near Iceland between here and Floriston Tuesday. No damage was done.

TELL 'EM AND SELL 'EM!

When anyone tells you that America consumes half the world's coffee, or three-fourths of the world's silk, remind him he's only telling you one half of the story.

To say the United States has a dozen times as many automobiles as all of Europe, or that 21,000,000 electric irons are in use in American homes, really omits the essential point that this isn't solely because of our nation's bountiful resources, or because we are essentially a progressive people.

Our furnishings, vacuum cleaners, radios, are better and more numerous than those of any other nation, because of the good inventive brains that made them were coupled with desire of merchants and dealers to tell people about them, to acquaint housewives and heads of families with labor-saving devices for the home, with good buys in clothing.

It's progress of a sort, it's true, if someone devises a better washing machine, or produces a longer-wearing kind of cloth goods, or makes better ice-cream than anyone else, but genuine progress takes place only when these items are enjoyed in the American homes, and not lying idle in a laboratory, store-room or sales-window.

The real push in progress comes when the world is told where it can get the best shirts, or pair of shoes, for the price, the best fifty-cent dinner, or the best new or used car that will fit the budget. If they're not advertised, the products can be locked up in a barn and the key thrown away.

Make a mouse-trap better than anyone else, and the world will beat a path to your door...but first the world has to know about the mouse-trap, what it sells for, and where it can be had.

THE BIG PUSH

"Excellent crop harvests in prospect!"
"Prosperity of farmers promises good fall trade!"
"California farm income on the upgrade!"

So ring the lusty refrains of the chorus in which farmers, merchants, wage-earners, are joining.

Call it a hallelujah chorus if you will, but all evidence proves this chorus is really set to the right words.

Prices of most farm products are the highest since 1929. Farm income continues to climb, in unflagging tempo, above last year's income. In solid cash returns from marketing, farmers received \$3,503,000,000, during the first half of this year...that's a total increase of \$208,000,000, over the first half of last year.

Prospects of a banner crop harvest are especially heartening, for the rest of the world is suffering from a decided shortage of farm products at this time.

Business in general is being no sleepy-eyed laggard, either. Employment for the first six months of the year has speeded up 11 per cent over this same period last year. Payrolls are feeling the big push, too, and have jumped more than 24 per cent over last year's.

Not only the jolly good fellows have a right to sing this year, but farmers, merchants, and wage-earners, have good reason to join the chorus of good tidings for the Fall season!

To the Rescue

Politically Speaking

By GEORGE E. HELMER
(United Press Staff Correspondent)

SACRAMENTO, Aug. 19.—(UP)—The first important pre-campaign break in the ranks of democratic party leaders in California was forecast in the announcement from Washington that Pierson M. Hall and Henry H. McPike will be removed as federal attorneys for the Los Angeles and San Francisco areas, respectively.

President Roosevelt, after a conference with Senator William Gibbs McAdoo, nominated Benjamin Harrison, San Bernardino, and Frank J. Hennessy, San Francisco, for the two positions.

Shortly thereafter, Hall, who is prominently mentioned as a probable candidate for governor next year, issued a statement in which he said the announcement was no surprise to him.

"It has been generally reported that Senator McAdoo and his law

partner, William H. Neblett were making a determined effort in what up to now has been an abortive effort to oust me," Hall said.

"The last thing Senator McAdoo significantly said to me in his office in Washington in April was 'get along with my law partner, Bill Neblett.' To obey such a command meant to me to let Bill Neblett dictate the policies and affairs of my office. This I have not and would not permit."

Political observers predicted that the ouster of Hall may precipitate an early announcement of his candidacy for governor, and the removal of both Hall and McPike will result in a split which may effect not only the gubernatorial race but the senatorial contest next year.

Division of the party along McAdoo and anti-McAdoo lines was forecast. Already, Senator Culbert L. Olson, one of the progressive candidates for governor, is an anti-McAdoo leader and has an important following. There was some intimation that Olson may be prevailed upon to forget about his gubernatorial aspirations and enter the senatorial race against McAdoo. If that should de-

velop, one faction of the party may line up a Hall-Olson ticket to combat whatever team may be formed by McAdoo and a candidate for governor.

Hall has the backing of John B. Elliott termed McAdoo's refusal to re-nominate Hall "seriously unfortunate and regrettable."

"Hall's administration of his important office for the past four years, an exceptionally difficult period, is without a blemish," Elliott said.

Republican leaders were gleeful over the impending democratic split. They figured that if the party becomes divided widely enough in the 1938 primary, republicans will stand an excellent chance of repeating their 1934 victories, despite a heavier democratic registration.

Governor Merriam hopes to make an appointment to the state supreme court sometime before August 21.

Ballots were sent up bearing the names of various possibilities, and they brought back a variety of comment most of which was favorable

to all the persons mentioned. There was some whispering in the capitol that complaints had been submitted, however, on the suggestion that Attorney General U. S. Webb named to the Supreme Court because of Webb's age.

The legislature this year passed a bill providing for retirement of judges at 70, on half pay, provided they want to retire. In view of that, there was some thought that Merriam would not be wise naming to the Supreme Court a man who passed 70 some years ago.

There also were rumors that from Los Angeles came protests against the suggested selection of State Senator W. P. Rich for the bench. These could not be verified.

Tahoe Ramblings

(By SWANEE)

Bill Delaney, genial ticket taker at the Tavern Casino, departed from Tahoe on Saturday for his home in Los Angeles after having spent the summer at the Tavern.

Oscar M. McDuffee, 22, of New Hampshire, picked up by patrolman Gene Walker on Aug. 10th for suspected robbery of a house, was taken to Auburn and given a hearing on Aug. 14th. Because of lack of evidence to secure a conviction, the charge was reduced to disturbing the peace and a fine of \$50 or thirty days in jail imposed. The judge consented to a suspension of sentence providing the accused promised to leave the state at once. He did.

The beautiful new organ at the Tahoe Episcopal chapel was dedicated last Sunday by Bishop Noel Porter before a large congregation.

Mr. and Mrs. Jack Puget and daughter Doris and Mrs. Robert Hansen and daughter Shirley, all of Alhambra, visited at the home of Mr. and Mrs. Lloyd Yeakel in Lake Forest.

A barbecue dinner was enjoyed at the DeBenedetti home on Sunday by a large crowd of friends which included the Misses Jeffreys Wendell Joan DeBenedetti, Regina Cuneo, and Anne McDonald, Mr. Jack Riordan of San Francisco, president of the California Bar Association, Mrs. John Reedy, Father Blanc of Oakland, Mr. and Mrs. James McLaughlin of San Francisco, Mr. and Mrs. Phil Davis of the city, Truman Vencil of Reno, Mr. Snodgrass of S. F., Mrs. K. Ringold of Santa Cruz, Virgil Giannini of San Mateo and Mrs. J. L. deBenedetti.

Thursday afternoon, August 26th, at 2 p. m. has been set as the date for the next Tahoe Women's Club bridge party to be held at the local clubhouse. Mesdames George Bliss and N. R. Mayfield will serve as joint hostesses and promise those attending an enjoyable afternoon. Refreshments will follow the playing and attractive prizes await the lucky winners. All are welcome.

The Tahoe Branch of the Placer County Public Library which opened last Saturday in the local clubrooms of the Tahoe Women's Club was well attended, close to 35 cards having

been taken out by interested readers. The branch hopes to accumulate more books from time to time and anyone having reading matter with which they wish to part, may get in touch with Mrs. A. M. Anderson of Tahoe City, the local librarian. Hours are 2 till 5 p. m. on Mondays and Saturdays and from 12:30 till 3:30 P. M. on Wednesdays.

Ed Kron one time caretaker of the R. Stanley Dollar estate north of Tahoe City is spending several weeks vacation at the N. R. Mayfield home in town. Mr. Kron was the unfortunate victim of a painful and terrible accident some six or more months ago when a gasoline explosion burned the clothes from his body and sent him to the Sutter Hospital in Sacramento for months. He is now able to be about with the aid of his trusty cane and is greatly enjoying the cooling breeze of Tahoe coupled with the pleasure of renewing old acquaintances. His wife spent the week end with him recently returning to Sacramento to care for their two little sons.

Miss Bertha Irish of Oakland, accompanied by her sister and brother-in-law, Mr. and Mrs. Jack Hall of Los Angeles, was the guest of the Everett Prusso's at their Ward Creek Forest Inn on Monday. Miss Irish, former secretary of Mr. Prusso, was delighted with the beauties of Tahoe and elated at the exceptional success of her former employer's new business venture.

Mr. E. Reinhart of Reno was host last week at a delightful dinner party held on Prusso's Terrace Blue. Yellow was the color scheme employed for table decorations, a wealth of lovely flowers adding their fragrant charm. The occasion was the anniversary of the wedding of Mr. and Mrs. Maurice A. Berman of Reno.

Mr. A. R. Westphal and daughter Barbara left Tahoe on Monday. Mr. Westphal will remain in San Francisco and his daughter will accompany her mother to Pyramid Lake for a preschool vacation jaunt.

Truman and Franklyn Sunkel of Tahoma district received the sad news last week that their father was dying in Chicago. They hopped a plane from Reno at once for his bedside.

Mr. and Mrs. Henry Soll of Pine Lodge have returned from an extensive motor trip through the northwest which carried them through Oregon and Washington and close to British Columbia. One of the high-

Placer Peace Officers Are Feted Sunday At Home Of Judge Landis

One of the most enjoyable barbecue dinners to be held this season was that which took place on Sunday last at the home of Judge and Mrs. J. B. Landis of Auburn, who invited members of the Placer county Peace Officers Association and their families and friends to their mountain cabin near Rainbow Tavern. Seventy or more shared their generous hospitality and enjoyed a day of swimming, boating and lounging in the comfortable chairs in the shade of the trees. Tahoe's delegation outnumbered the representations of other cities, those from this region attending including Mr. and Mrs. Fred Kohler, Mr. and Mrs. Clarence Burner and daughter of King' Beach, Mr. and Mrs. Charles Swanson, Constable Harry Johansen and Miss Mary Nickel of Palo Alto, a guest at the Mein home, Carl Becholdt, Chris "Honey-bunch" Boyiaredes and Mr. and Mrs. George R. Bliss. Other prominent Placer county residents present were Sheriff and Mrs. Elmer Gum, Mr. and Mrs. C. E. Tindall, Mr. and Mrs. A. L. Lofgren, Dr. Bob Howell, G. W. Haines, Mr. and Mrs. Art Sather, and Mr. and Mrs. William King, all of Auburn; E. L. Beck of Penryn, Captain C. J. LaPorte, Mr. and Mrs. E. E. Barber, Mr. and Mrs. Fred Miller, Mr. and Mrs. J. N. Zanolio, Mr. and Mrs. George Knoff, Senator and Mrs. Jerry Seawell, all of Roseville; Mr. and Mrs. James L. Gould of Cisco Grove; DeWitt "Swede" Nelson, supervisor of the Tahoe National Forest Service, who was accompanied by his wife and son, of Nevada City; Herstle Jones of Rainbow Tavern; Mr. and Mrs. H. P. Kerrigan of Marysville; Mr. and Mrs. R. A. Lee and children Dick Jr. and Betty, and Mrs. Mabel Gordon, all of Lincoln, J. R. Hodgson of Big Bend Forest Reserve, Mr. and Mrs. Chas. Dolce of Loomis and Judge and Mrs. J. B. Landis and children Jack, Bill, and Bob.

A business meeting was conducted following the sumptuous repast under the shade of the trees, President C. E. Tindall presiding. During the session a gavel was presented the group by Fred Kohler, Tahoe deputy, who joined the organization just three years ago. The association has been without a gavel until this time, and a vote of thanks was tendered Mr. Kohler who made the instrument during spare time.

Following much discussion a motion was duly passed to hold another of the organization's "Ladies' nights" at Prusso's Forest Inn on Ward Creek on Sept. 11th, a buck barbecue to follow on October 2nd at Tahoe Inn where Carl Becholdt guaranteed plenty of venison would be available for his brother officers. The October meeting will however, depend greatly upon the weather.

DeWitt "Swede" Nelson favored the group with a short talk on the willingness of the forest reserve to cooperate with the law in every respect, and was admitted to honorary membership in the organization. Members of the Nevada Peace Officers Association will be invited to participate in the meeting at Prusso's Inn on Sept. 11.

BOARD WILL DISCUSS STATE SALARIES AT SEPTEMBER MEETING

SACRAMENTO, Aug. 19. —(UP)—Salary adjustments for state employees may come before the state personnel board for consideration at its meeting here September 7, William Brownrigg, board executive officer, announced.

Requests for increases in pay and regulations governing salaries in various state occupations will be acted upon when a general survey of compensation provided for similar work in public service and private industry is completed, Brownrigg reported.

Findings of the survey are expected to be given the board prior to the September meeting.

Lights of their tour was a visit to the vast underground caves known as the petrified forests in Oregon.

A daughter was born to Mr. and Mrs. A. E. Sorenson at their home at Tahoe Vista on August 7th. The baby has been named Loma May and weighed nine pounds at birth. Mrs. Sorenson is a great grand daughter of the Tuckers, members of the famous Donner Party and the birth of her daughter in the high Sierras is a memorable event.

BUDGET INCREASE IN PLACER SCHOOLS TO CARE FOR BUILDING

A substantial increase in the budgets for the fiscal year ending June 30, 1938 has been allowed by Placer County Schools trustees due to the building, maintenance programs and increases in teachers salaries, according to the budgets filed with Mrs. Portia F. Moss, county superintendent of schools.

A total of \$760,242 will be used for the educational purposes in the Placer county elementary and secondary schools, Tahoe Lake elementary receiving \$15,907.

The Placer Union High School and Junior College budget amounted to \$233,817.

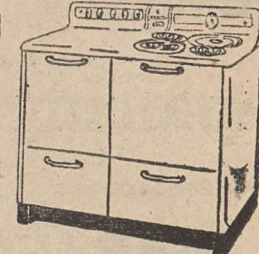

This is the first year since 1932 that the five per cent increase limitation on budgets has not been in effect, in other years capital outlays above small sums required the approval of the state board of equalization.

HOBART MILLS

Mr. and Mrs. T. D. Thibault and daughter Rosemary left Thursday for Tionesta, California, where Mr. Thibault has secured work and where the family will reside in the future. Mrs. Thibault's mother, Mrs. Isabel Hary, who had been visiting relatives in Nevada City, accompanied them.

Mr. and Mrs. Fred Norgard of Sacramento, visited friends in Hobart Mills one day last week. Mr. Norgard was a former resident of Hobart Mills.

Ray Cavallo has gone to Reno where he expects to remain, and was accompanied by his mother Mrs. Sam Cavallo.

Mr. and Mrs. Albert Fippin and son of Sacramento visited at the home of Mr. and Mrs. Erle Martin for several days last week. Mr. Fippin is a former resident of Hobart Mills.

Mills, and Mrs. Fippin is a sister of Mrs. Martin's.

Mr. and Mrs. O. C. Landreth and daughter Margaret left Thursday for Berkeley where they will make their future home.

Owen Landreth Jr. accompanied by Walter Schmidt of Reno is spending this week at the White Horse where they will enjoy a weeks camping trip.

Mrs. Harold Percy was a Reno visitor one day last week.

Mr. and Mrs. E. K. Wilson returned home from Reno Saturday afternoon, after spending several days visiting their son Howard Wilson.

Mrs. Harold Percy entertained a few friends at her home Wednesday afternoon, the afternoon being spent playing bridge.

Mrs. Daisy Miller, Postmistress of Sierraville, was a business visitor in town Tuesday afternoon.

Mr. G. D. Oliver accompanied by Austin Claiborne went to Berkeley Wednesday. Mr. Oliver returning home Friday evening and Mr. Claiborne will make his home in San Francisco in the future, after many years employment here by the Hobart Estate Company.

Harold Wilson, who is a junior student at the University of California left for Berkeley Tuesday morning, where he will resume his studies.

Mr. and Mrs. Harry Edwards accompanied by Mr. Edwards' nieces, Doris and Daphne Greefield have gone to Roseville where they will make their future home.

Mr. and Mrs. Harry Young visited friends at Greenville over the weekend.

Mr. and Mrs. E. Conrad who were business visitors in Stockton several days last week, have returned.

F. O. Joiner and his wife and son went to Tracy to spend the weekend taking advantage of the three days layoff at the Road Construction work at Sagehen Creek.

Tommy Bertken was confined to his home several days last week by illness.

Mrs. Charles Oliver and daughter Pat have gone to Stockton where they will reside in the future. Mr. Thomkins has moved his Auto trailer house up to the Sagehen Camp to reside during the remaining time of the job.

Fred McWilliams of Sacramento was a week end visitor in town.

Mr. and Mrs. Karl Weeks of Lake Almanor were weekend guests at the home of Mrs. Week's parents, Mr. and Mrs. J. B. Clark.

Mr. and Mrs. M. L. Merryman were visitors on Saturday from Drum Power House where they are now located. The Merrymans were formerly caretakers at Webber Lake and are always glad to greet their friends in the mountains.

Miss H. Peterson of Sacramento was a weekend guest of Mrs. Cora Chubbuck and son.

Mr. and Mrs. Jack Murray and daughter of Grass Valley were the guests of Mr. Murray's parents Mr. and Mrs. E. C. Murray over the weekend.

Mr. and Mrs. Frank Wilson were Reno visitors on Tuesday.

Mr. and Mrs. G. D. Oliver visited relatives in Reno on Sunday.

Mr. and Mrs. Mervin McDonald have moved to Sacramento where they will make their home in the future.

Mr. and Mrs. Albert Canady of Sparks spent the weekend at the home of Mr. and Mrs. E. W. Canady in town.

Charles Baldwin who is interested in mining in Little Valley was a Hobart business visitor on Monday.

KELLY ASKS PUBLIC TO WATCH OUT FOR GAS TAX DIVERSION

SACRAMENTO, Aug. 19, —(UP)—Public vigilance against attempts to divert gasoline and maintenance was urged by Public Works Director Earl Lee Kelly in a statement dealing with the statewide road building program. "Efforts to accomplish gas tax diversions undoubtedly will continue

HIGHWAY EMPLOYEE IS HELDUP DURING SIERRA VALLEY TRIP

Brenton Parker who makes his home at Sierraville and is employed by the contractors working on the Hobart-Sierraville Road had an unusual experience last Friday night near Beckwourth, in Sierra Valley. While returning along the road toward Sierraville Mr. Parker noticed a string of red lights, across the highway. Upon reaching the red lights and signs of danger Mr. Parker slowed his car down to a stop.

Two men stepped into the middle of the road and pulled him from his car at the point of a gun. After searching him and taking what money he had in his pockets, the men threw him beside the road and drove off in his car. After hailing passers-by Mr. Parker notified the officers and was taken to his home. The car was located Sunday in Colfax where it had been abandoned, and Mr. Parker was glad to recover his car but has not a clue as to who the guilty persons might have been.

HUNTERS SCANNING NEW LAWS AS DEER SEASON DRAWS NEAR

With deer season a little less than a month in the future in this section, hunters are looking up their paraphernalia and data on new laws concerning their favorite sport.

One in force this year calls for the punching out on deer tags the date of the kill, these tags must be countersigned as provided in section 1286 of the Fish and Game Code which was changed in the last legislative session to read:

"Any person legally killing a deer in this State shall have the license tag countersigned by a Fish and Game Commissioner, a person employed in the Fish and Game, a person designated for the purpose by the Fish and Game Commission, or by a justice of the peace, notary public, postmaster, peace officer or by an officer authorized to administer oaths, before transporting such deer except for the purpose of taking it to the nearest officer authorized to countersign the license tag, on the route being followed from the point where the deer is taken."

All forest officers including fire guards may aid the hunting public by countersigning deer tags. The portion of the tag to be sent in to the Fish and Game Commission will be detached by the forest officer and mailed to the Fish and Game Commission.

NEW PRISON WILL BE ERECTED SOON FOR INITIAL OFFENDERS

SACRAMENTO, Aug. 19, —(UP)—California's new state prison for first offenders at Ontario is just two moves away from actual construction, according to Gov. Frank F. Merriam. Condemnation proceedings are under way in San Bernardino county courts to acquire land for the prison, he said. When the site has been purchased and the federal government has okayed plans for the institution, construction will get under way full swing.

A total of \$3,600,000 in state and federal funds is available for the prison. The 1935 state legislature appropriated \$400,000 and the 1937 session followed up with an additional \$2,000,000 allocation. To this the federal government added \$1,200,000.

The governor said present plans call for buildings of the dormitory type, with fewer safeguards against escape than are maintained at San Quentin and Folsom. Only first offenders and men capable of rehabilitation will be imprisoned at Ontario.

in the future," Kelly said "unless the voters of our state exercise constant diligence until such time as they can write into the state constitution a law which for all time will safeguard the gas tax monies and preserve them for highway purposes only."

4,616 STATE SCHOOLS WILL OPEN THIS MONTH WITH 45,000 TEACHERS

SACRAMENTO, Aug. 19, —(UP)—Approximately 75,000 instructors and other officials will be required to care for the thousands of pupils who will return to California schools for the fall term starting late this month, Dr. Walter F. Dexter, state superintendent of public instruction, reported.

When the new term opens, 4,616 public schools exclusive of state colleges and the University of California will be in operation, Dexter said. These will be supervised by 45,000 teachers, 18,000 non-certified employees and 10,000 trustees.

The institutions range in size from a tiny school maintained in a box car in Imperial County to imposing city structures with a capacity of 5,000 students.

PLANS PROGRESSING FOR PLACER COUNTY FAIR IN OCTOBER

Some of the best-known horses in Northern California are already listed among those to be shown at the Placer County fair and horse show in Roseville, October 8, 9 and 10th, according to O. E. Saugstad, chairman. Opening of the show to outside horses in the jumping and gaited class has attracted widespread attention and numerous inquiries are being received from all parts of the state, Saugstad said.

Prizes to be awarded at the horse show will total approximately \$4500, the general committee has decided, \$3500 being appropriated from the \$10,000 general prize list and the remainder coming from entry fees and admission to the show.

The horse show will be held the last two nights of the fair only, it has been announced, and plans are now being completed for construction of an arena at the fair ground site taken under option by the general committee. The rodeo is to be held all three afternoons, with entries of horses and riders, as well as steers and other rodeo attractions now being made. Saugstad is also chairman of the rodeo, with E. E. Barber in charge, and entries for both horse show and rodeo may be made with either, the chairman announced.

Send the SIERRA SUN — better than a letter.

First Church of Christ, Scientist, in Boston Mass., a Lesson-Sermon will be read Sunday August 22, on the subject "Mind."

The Golden Text will be "Let this mind be in you which was also in Christ Jesus" (Phil. 2:5).

STATE RELIEF GROUP TO ESTABLISH CAMPS FOR HOMELESS MEN

SACRAMENTO, Aug. 19.— (UP)—The state relief administration will establish camps in the larger counties for homeless destitute men who have established one year's residence in California, administrator Harold E. Pomeroy said.

The camps for which sites will be provided by the respective counties, will be ready for occupancy October 1 and will continue in operation until March 1.

Food and shelter will be provided by the state, and in return recipients will be required to work on county, state and federal projects.

At present state relief makes no provision for single transient men who are not residents of the state.

MORE WOES ADDED TO TRAILER OWNERS BY NEW STATE LAW

SACRAMENTO, Aug. 19.— (UP)—The recent legislature added to the woes of trailer motorists. It enacted a law which forbids overnight parking within 20 feet of the travelled portions of highways in unincorporated areas of the state.

The bill also set up standards for trailer camps. The state was given authority to regulate them and may pass upon space facilities and sanitary provisions. The new law is subject to enforcement by the California State Highway Patrol.

HUGE FUND PAID INTO UNEMPLOYMENT RESERVE, SAYS REPORT

SACRAMENTO, Aug. 19.— (UP)—Contributors to the California Unemployment Reserves Fund have paid \$45,023,322.53 into the fund, according to announcement made today by James L. Matthews, Covina Chairman of the Unemployment Reserves Commission.

Latest check up reveals the Commission on July 31 banked \$2,911,258. On August 2, more than two and one half million dollars in contributions was received in the Commission offices. These payments represent largely the contributions for the quarter ending June 30. Employers this year are contributing 1.8 percent of their payrolls and employees 90/100 of one per cent of their pay checks.

700,000 ATTENDANCE IS EXPECTED FOR COMING STATE FAIR

SACRAMENTO, Aug. 19.— (UP)—National recognition of the California State Fair is expected to be even more pronounced in 1937 than last year, when visitors from thirty-nine states and eight foreign countries attended the exposition.

Advance reports indicate a possible 700,000 attendance, at the Fair September 3rd to 12th, particularly from the Pacific Coast and Western states. In addition to the Australian tour of agriculturists which stops at the Fair two days, representation from Alaska, Canada, Hawaii, England, Holland, Java, Philippine Islands and South Africa are expected. These countries were represented in out-of-state registrations at the Fair last year.

POLITICALLY SPEAKING

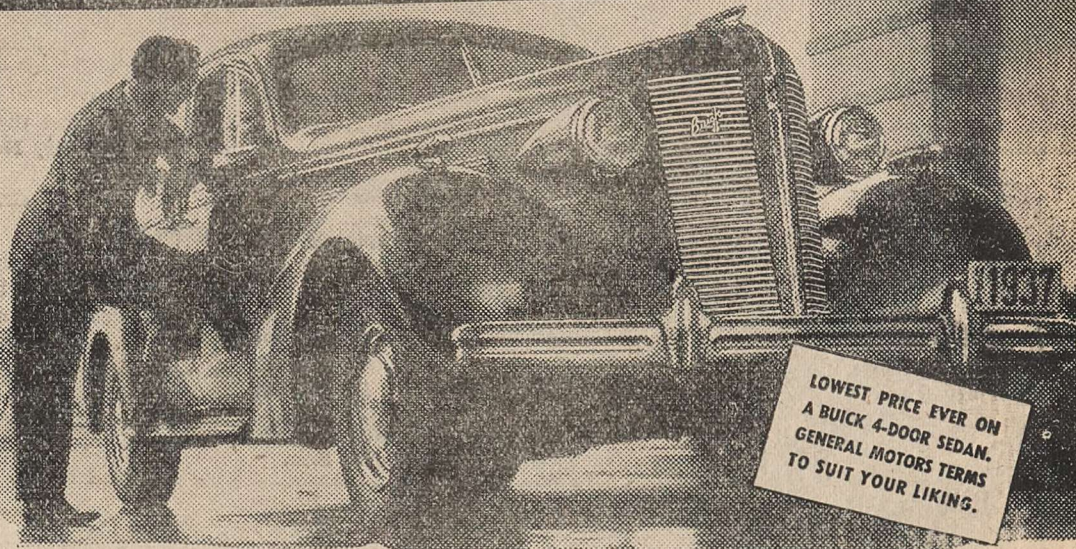

(Continued From Page 2)
textbook problem tossed into his lap shortly after he was appointed state superintendent of public instruction.

The problem was not revealed to the public until it was nearly six months old. Then it caused quite a furor among educators.

The board of education, meeting last February, voted to award a textbook contract to a firm which bid \$181,000, despite the fact another firm offered to do the work for \$14,900. Dr. Dexter refused to sign or approve the contract, which was signed by the board's president Dr. Lewis P. Crutcher, Long Beach, last April.

Now, Dexter is trying to find out whether the contract can be made inoperative. The board will meet again August 21 with some new members included in the personnel and predictions were that it would vote to rescind its earlier action, thus saving the state possibly as much as \$167,000.

GOOD BUY FOR RIGHT NOW!

WHEN you've got this fleet-heeled, smooth-powered, man-size Buick straight-eight to put a lift into the rest of the summer, why try to squeeze out the last long mile on a car that's already ripe for retirement?

Its trade-in value, you know, isn't getting any greater.

And new car prices, as you can well understand, certainly can't be expected to go down!

Meantime here's this valve-in-head straight-eight Buick. Selling at the lowest prices in all its history. Actually delivering, in some models, for less than certain sixes.

And so jam-packed with stirring action and solid worth that others can't hope to match it for value—no matter what they do next!

Go see for yourself! Turn yourself loose in a Buick of today—let it show its wares in its own entrancing way—and ask yourself if you can ever again expect to get so very much for so mighty little money!

You bet it's a buy! It has been for months. It's a good buy for right now—if only as a hedge against the future! Call us any time for a test-ride and we'll prove our words with some lively Buick action!

"It's Buick again!"

AIR PATROLMAN MAY BE PUT ON BEATS IN STATE PROGRAM

SACRAMENTO, Aug. 19.— (UP)—Traffic policing from the air, similar to plans already in operation in other states, may be put into practice by the California state highway patrol.

Chief E. Raymond Cato said tests conducted at Los Angeles indicated aerial observers could detect traffic jams over a wide area, notify ground dispatchers and supervise the movement of traffic patrolman into the congested region.

It was suggested planes equipped with two-way radio would be available to join in criminal hunts.

Goes hand in hand with good things to eat

SB-150-62

When you're hungry and thirsty there's nothing more welcome than ice-cold Coca-Cola with food. A drink so good by itself is the natural partner of good things to eat. It belongs in your ice-box at home.
